We believe that those are the dates they will be on strike. The end of the school year is June 6th and Jill thinks they will stay out on strike all of that time.

Hi Deborah,

Thanks for the additional information. So to clarify, the schools are operating 5/7-6/6 because that's when the school gets let out for the year or because that's when teachers are on strike?

SSO can be used for unanticipated school closures during the regular school year and only during planned breaks at year-round schools.

Let me know if you'd like to talk through this further.

Thanks,

Subject: Re: SSO applications

The actual dates Jill told me to apply for are 5/7-6/ 6 when school gets out. Summer Lunch starts the following week. We are already having rolling closures of the schools here. Today we have 12 schools closed. Other days we have 2-3 schools closed per day. We expect this to continue until the 7th of May when they go out on strike.

Hi Deborah,

It looks like the SSO site applications show operation dates from 5/7-6/1. Is this accurate? If the SSO is being utilized only for the unanticipated closure, please update the operation start/end dates in #11 to correspond to that specific date. I've returned the application for you to make updates.

Please let me know if you have any questions.
